

M E N U

The word "Gaissa" comes from Sami language and describes a fell with a year-round snow covering on the top. Just like the Lappish fells offer a home for the snow through the seasons, our Restaurant Gaissa hosts Nordic and Arctic flavors around year.

Santa's Hotels will take you to a journey to the flavors of the Nordic, where genuine arctic flavors, feelings and people join together!

For ages we have gathered together around a shared meal to create the best memories and moments.

Share your experience with your close ones: our dishes are meant to be enjoyed together!
