

## M E N U

After the Ice Age, Kalajoki has risen from the sea!  
And it still keeps on rising! So no wonder, that the locals  
have always loved the abundant fishing waters and the vast  
sandy dunes.

Centuries ago, the locals discovered their second love:  
potatoes! The old sea bed is perfect for growing tasty spuds.  
One of the potato pioneers, August Isokääntä, even created  
a local breed of potatoes in in the end the 19th century.

Did you know: the direct translation of  
Kalajoki is Fish River?

Santa's Hotels will take you to a journey to the  
flavors of the Nordic, where genuine arctic flavors,  
feelings and people join together!
