

# RESTAURANT GaiSSa

## Meet the flavors of the north!

Gaissa is a high fell with snow on its top all year round. The eternal snow remains on the top of the gaissa through the years just as the flavors of the north remain fresh at the essence of Restaurant Gaissa.

Throughout history, the best memories and shared moments have been created over good food. Gaissa takes you on a taste journey to the north, where authentic flavors, emotions, and people meet!
